INDUS TECHNOLOGY, INC. - OASIS SMALL BUSINESS POOL 3 AWARDEE

San Diego, CA, 1 June 2020: INDUS Technology, Inc. (INDUS) a Service-Disabled Veteran-Owned Small Business (SDVOSB), Government Support Services provider, received notice from the General Services Administration (GSA) that INDUS has been awarded the One Acquisition Solution for Integrated Services (OASIS) Small Business Pool 3 contract. OASIS is a Best-in-Class solution for many government agencies and was developed in response to the government's substantial need for a hybrid, government-wide acquisition vehicle for complex professional services requirements according to the GSA website.

This award allows INDUS to compete with other Pool 3 contenders in delivering professional commercial and non-commercial services through the OASIS IDIQ contract vehicles. The OASIS SB contract core disciplines include program management, management consulting, logistics, engineering, scientific, and financial services. OASIS SB Pool 3 includes Engineering Services under the NAICS Code 541330.

Mr. Eric MacGregor, INDUS President and CEO stated, "This OASIS Pool 3 SB contract vehicle provides a valuable tool that allows us to bring stellar solutions to our ever-broadening customer set."

INDUS Technology, Inc. is an employee-owned premier provider of quality professional services for industry and government. INDUS is an ISO 9001:2015 Registered and Certified company, focusing on providing high quality Engineering Services, Information Technology, Cyber Security, Program Management, and Financial Management services.
